

## SERVICES

### PUPPIES

As center specialized in the breeding and selection of LABRADOR RETRIEVER with kennel affix nb. 9987 and register of zoological area nb. 28391001, we come working with different blood-lines, selected it the same in a very rigorous way, being able to join beauty and work oneself affix.

Occasionally we have puppies in their three colors, black, yellow and chocolate, carrying out the delivery of puppies starting from the two months and half.

The puppy will be given vaccinated, protect treatment from fleas and ticks and with one ID microchip implanted, together with the puppy all its documentation is delivered:

- Pet passport.
- Quality certificate.
- Guarantee of puppy (60 days for infectious diseases)
- Copy of certificates of hipscore and ocular tares of the progenitors of the litter.
- Pre-inscription in the LOE (Spanish Book of Origins).
- Discount for training in our facilities.
- Veterinary certificate.

The price varies depending on the genetic quality of the same ones. If you wish information of our broods do not hesitate to contact us by phone or e-mail.

To extend any information of our services or reservations of puppies you can contact with Mr. Miguel Angel Refoyo or Miss Beatriz Moreno.
